Round Lake to Host Firemen's Convention On Saturday, May 21

Will Combine Twenty-fifth Anniversary Meeting With Convention

The Lake County Firemen's Association will have a county convention after all.

After announcement was made at a recent county meeting here that there were no offers to be host to the convention this year and none would be held, Round Lake's fire department came forth with an offer to entertain the convention Saturday, May 21.

The Round Lake department planned to celebrate its twenty-fifth anniversary in June but in order to keep the annual convention alive, decided to move up the celebration and make it an all-county affair and convention.

So the fire trucks will assemble, races will be staged and the band will play at Round Lake a week from Saturday which means that the convention is given one more year of history.

Chief Bill Harrison and his volunteers are to be thanked.

Antioch firemen planned at their meeting Tuesday evening to attend, but just how many will go is not known.

High School Students Will Present Public Variety Show Saturday

The fourth of a series of variety shows will be presented by the students of the various classes at the Antioch Township High School at 8 p. m. Saturday.

This is the final presentation in a series of four programs and included on it the 10 outstanding acts as rated by the student body. All programs are under the supervision of the Student Council. The director for the final presentation is Donald Chlapetta.

The program presented this Saturday evening is for the community. It was scheduled for this time in order to give the business people a chance to attend. On the program are the following numbers:

The Shooting of Dan McGrew—Robert Enis, Jim Scully, Robert Terry, James Corbell, Vernon Burdick, Robert Matthews, James Fish, Albert Reckers, Tom Kelly, Harve Strametz, Don Cardiff, Pat Gallagher, Mary Lou Osmond, Pat Hamlin, James Stonis, and Lenore McCord, the pianist.

Spanish Dance by Rosa Rogers. Quartet—Marlene Freund, Florence Bolton, Julie Romer, Pat Hayden, and Nancy Rentner, accompanist.

Magician Act—Fred Clarke.

Tap Dancing—Carole Hansen and Lillian McNeil.

Fashion Show—Bill Barnstable, Jerry Huml, Francis Dornier, Roger Pechaty, John Matteoni, and Lynn Bolton.

Piano Solo—Diane Domek.

Trumpet Solo—Jay Cribb.

Duet—Jill and Gail O'Haver.

Dance—The Eleven Darlings—James McMillen, Ed Halling, Bob Banasack, Allen Masopust, Harry Lindgren, Paul Mattson, Jack Lawrence, Richard Beck, Russell Gilday.

Pantomime—Joan Burton.

Wallace Ring and Ed Ring.

Vibra-Harp—Vernon Burdick.

Choreography—Sue Wolfenbarger, Joan Forbick, Jackie Martin, Carole Hansen, Rosalie Morris and Donna Masopust.

Cain's Cotton Pickers—Robert Cain, Lenore McCord, Barbara Doolittle, John Kelly, and Arlene Cribb.

The variety of numbers presented are expected to provide a fine evening of entertainment for all. There will be a small student and adult admission. The proceeds will be divided among the Student Council and the four classes to sponsor school activities. Tickets are now available from all student council members.

Shoppers Take Advantage Of Antioch Bus Service Recent Survey Reveals

Shoppers are taking advantage of the Antioch shoppers Tuesday bus service.

The average is 70 riders per week, and a recent inquiry among the riders showed that they spent approximately \$1,372 a week. Fifty-six women traded in at least one item to eight stores, and the 56 women spent \$1,091 in these stores as signed cards revealed.

Thirty-eight merchants are sponsoring the Antioch bus service.

Allendale Boys School Gets New Athletic Field Cottage for 10 Pupils

A new cottage at Allendale farm on Cedar Lake, Lake Villa, as a memorial to the late Otto Lehmann will house 10 boys and relieve other cottages and make for more privacy, according to Clare Appleby, director.

Work has been started on a new athletic field to be provided, Allendale by the Optimist club of Wilmette, a group of men now actively engaged in helping the school in many ways.

The field will be close to Grand avenue.

Ten of the boys are now attending high school and 10 more are enrolled in grade school, taking care of a teacher shortage.

Miss Joan Crawford Third Grade Teacher To Instruct in Japan

Miss Joan Crawford has resigned her position as teacher of the third grade in the Antioch Grade school to teach Air Force dependents in Japan during the 1955-56 school year.

Joan Crawford

She expects to receive her passport call to go to Japan about August 15.

Miss Crawford has taught in the Antioch school four years.

She has been the school representative to the Illinois Educational Association for the last two years, and is a member of the Business and Professional Women's club.

Miss Crawford is the daughter of Mr. and Mrs. George Crawford of Waukegan. Her brother, Sgt. George S. Crawford is serving with the United States Army in Japan and his wife, the former Nancy Rae Pester of Grayslake, flew to Japan to join her husband just two weeks ago.

Sgt. Crawford's car is being shipped to Japan and the Crawfords should be able to see much of this country.

28 Antioch Students At Conference Council In Bensenville Today

Twenty-eight students of Antioch Township High School today attended the annual spring convention of the Northwest Conference Association of Student Councils at Glenbrook High School today.

The assembly will be welcomed by Dr. N. E. Watson, superintendent of the Glenbrook High School and the principal talk will be given by Atty. Norman Witt of Lake Zurich.

The trip was made by bus leaving at 12:15 p. m. and the return trip is scheduled for 4:45 p. m.

Officers were to be chosen for the year. The 1954-55 staff included Mitzi Wolf of Antioch as treasurer. She and Mrs. Jeanette Tullumello attended a conference executive meeting at Palestine Monday evening at which plans for the convention were made.

The convention was held in Antioch a year ago.

Antioch Scout Troop Has Court of Honor

Boy Scout Troop 92 of Antioch held its second Court of Honor of the current year Tuesday evening.

At this event awards were made to boys who had become tenderfoot scouts, others who had become second class scouts, and others of higher ranks.

Parents were present, movies shown and refreshments served.

Awards and presentations were made by Ralph Wright and short talks made by Clarence Olsen, committee chairman, and William Horton, explorer scout adviser.

The troop at present is being led by Bill Johnson, scoutmaster and Larry Lang, assistant.

Tenderfoot pins were awarded to William Siefert, Robert White, Verden White, Eugene Thiele, James Hogan, Donald Olsen, James Sanhamel, John Van Patten, and Bruce Wollpert.

Second class awards went to Richard Holbek, Wayne Stanman, George Mantis, and Jerry Arne.

Richard Prange received a first class pin.

Stephen Aschenbrenner was awarded five merit badges and a Star Scout rating.

Webbs Critically Hurt In Car Crash on Way To Visit in Antioch

Florida Couple in Woodstock Hospital, Recovery Is Doubtful

Mr. and Mrs. James Webb of Winter Park, Fla., are in a critical condition at Woodstock Memorial hospital as the result of injuries received in an automobile accident near that city while they were on their way to Antioch to visit the son, Robert Webb and family.

The Webbs, formerly of Antioch, were making their first trip to their home village in two years and had been on the way six days, detouring west of the mountains and avoiding city traffic.

At the intersection of Rtes. 47 and 14, Mr. Webb, according to police, drove in front of the car of a Wilmette, Ill., driver and was struck with the result that the Webb car crashed into a telephone pole.

Mrs. Webb was tossed so that her head crashed through the windshield and Mr. Webb was thrown with terrific force against the steering wheel. The other driver was unhurt.

Mrs. Webb suffered a compound fracture of one leg and a broken shoulder; a deep cut in one leg and a cut on the face.

Mr. Webb, who is 81 years old, suffered a broken hip, a fracture of both sides of his jaw and his nose, and a broken rib which punctured his lung. It is also thought that the blow to his chest caused a blood clot near the heart.

Because of their advanced age recovery will be extremely difficult, it is said, and word from the hospital is that their condition is unimproved.

Paving of Rte. 83 Through Antioch Is Expected in 2 Weeks

Paving of Rte. 21, also known as Rte. 83 is scheduled for the next few weeks and it appears that the rough highway that passes through Antioch from Chicago to the Wisconsin state line soon will be smooth pavement.

According to reports workmen are now filling holes at Loon Lake and it is expected that paving will be started in about two weeks.

Improvement of the highway has been considered for several years. Last year the route was earmarked for paving this summer and it appears that plans will be carried out.

The toll road proposal still is uncertain. The state legislature last week ordered an investigation of the entire procedure and the committee of which Rep. Jack Bairstow is a member will make its report on June 6. Such a big rumpus was raised by Lake and Cook county residents, many of them Republicans, that even the Republican legislators bolted the administration to demand the investigation.

Learn to Swim Classes Scheduled for June 20-29, at Round Lake

Plans have been completed for the Learn to Swim program to be given at Artemis Pool at Round Lake, beginning June 20 through July 29.

The first four days of the week, from 9 a. m. to 1 p. m., will be designated for beginning swimmers. Friday will be given over entirely to intermediate swimming and life saving.

In completing plans for this program, William Thompson, Red Cross instructor, pointed out that again this year, the registration fee will be \$2 per student, and that this will cover the rental of the pool. Every parent is urged to either bring a health statement from the family physician, or be agreeable to having the doctor who will be at the pool, examine the youngsters. This is for the protection of the child and his family.

Mrs. Bryson, executive secretary of the North Lake County Chapter, asks that every school or community group that is interested in being a part of the summer program, get in touch with the chapter headquarters Ontario 2-4044, to designate the number of students and preferred days. In this way, she will try to accommodate as many as possible, and on the days most convenient to them.

If there are any questions, contact the North Lake County Chapter, American Red Cross, P. O. Box 98, Waukegan.

Robert Wilton of Bradley University at Peoria spent Mother's Day week end with his parents, Mr. and Mrs. Robert J. Wilton.

Call for Formation of Little League Teams; Fathers Asked to Complete Diamond Sunday

Plan Memorial Day Parade, Services in Antioch for May 30

Plans are already being made for a Memorial Day parade and celebration in Antioch.

The American Legion with Ed Jahneke as its chairman and the Veterans of Foreign Wars with Warren Edwards as its chairman are planning a parade at 2 p. m. Monday, May 30 from the high school to the village square where services will be held.

Patriotic and civic organizations will participate.

The speaker and detailed plans will be announced next week, according to Jahneke.

Memorial services in Antioch are traditional.

Program Announced For Band Concert at High School May 21

A trumpet trio and an accordion solo are among the numbers featured by the Antioch Community band in its concert to be presented at the Antioch Township High School at 8 p. m. (DST) Saturday, May 21.

Bandmaster Louis Chenette is rounding a varied program into shape for the entertainment, and the crowd is not only going to get its money's worth but will have the satisfaction of having given the organization a good start on its way to future programs which will be public without charge.

The program will be as follows:

Overture, The Crusaders—Buochel Andante, Pathétique Symphony—Tschaikowsky

Three Cardinals (Trumpet Trio)—Davis

Nomad—Davenport

Mexican Hat Dance—Bennett

Deep River Rhapsody—Walters

Tunes a la Moderne (medley of popular tunes)—George Gershwin

Selections—arr. Bennett

Various marches, etc. will be played as encore numbers such as Old Comrades, Lights Out, Repaz Band, and Washington Post.

Antioch Fruit Escapes Frost of Last Monday

Although there was a frost Sunday night, blooming fruit trees are believed to have escaped damage as the result of cloudy weather and rain that fell in the Antioch area.

Cooperative Weather Observer Roy Kufalk recorded 34 degrees for a low and there was a white frost on the roofs Monday morning. That night the temperatures got down to 38.

Warming weather yesterday continued today and a pleasant weekend is expected.

April was about 6 degrees on an average above normal. The highest was 80 on the 10th, and the lowest 32 degrees on April 3.

The total rainfall was approximately 3 inches of which 1.15 inch fell on April 24.

Number Your Houses Fire District Board Tells All Residents

Numbers to Be According to Block and Lot; Penalty for Failure

An ordinance calling for all houses in the Antioch First Fire Protection District to be numbered has been passed by the district's president and board of trustees.

A penalty of \$5 to \$20 will be assessed on failure to follow out these instructions.

The houses in subdivisions will be numbered according to block and lot numbers or such other plan as shall be directed by Antioch's Fire Chief Edgar Simonsen. Chief Simonsen will assign each house its number and the property owner or agent will be required to post the number on the house so that it can be seen from the roadway.

In the case of future construction of houses the number must be posted within 30 days after completion of the building.

The fire chief shall keep a plat of the numbers, and where there is duplication of numbers or disagreement as to the proper number, the fire chief will direct the designation of a number.

The ordinance is the result of an experiment tried in the California Subdivision where houses are numbered in this manner. The result has been that the Antioch fire department which serves the fire district, is able to find its way to the designated place with a minimum amount of trouble and with no confusion.

Clarence Crowley is president of the fire district.

Rogation Day Sunday At Curtis Wells Farm

This Sunday afternoon at 2:00 p. m., members of St. Ignatius' parish will hold their annual Rogation Day services at the farm home of Mr. and Mrs. Curtis Wells. Each year at this time the members of the parish and their friends meet on the farm to pray for a good growing season and abundant crops for all the farmers of the world. After a short Rogation Office on the lawn in front of the farm home, the people led by the crucifer recite the Litany in procession. At the conclusion of the Litany the priest for the benefit and well being of all farmers blesses the farm home, the agricultural machinery, the seeds, the fields, and the cattle.

Following the Rogation services, refreshments will be served on the lawn by members of the Woman's Auxiliary.

The Wells farm may best be reached from Antioch by going east on Rte. 173. On the first gravel road past Deep Lake road, turn right. Follow this road south until it appears to come to an end at the entrance of a farm home. This is the Wells farm. Visitors are most welcome. In the event of rain there will be no Rogation services.

Building Valuation in Antioch was \$81,235 During Month of April

Building permits with a total valuation of \$81,235 were issued by Commissioner Walter I. Scott during the month of April in Antioch.

They called for 11 new houses, a new garage, alterations to the extent of \$8,000 and improvement of a business building \$1,400.

A permit was issued recently to Arthur Laursen for an \$18,000 home on Ida avenue and another to Clifford Laursen for one on Orchard st. estimated at \$11,325. A third was issued to Knollwood Subdivision for a lesser amount.

RECTOR INSTALLS EIGHT AS ACOLYTES

Last Sunday morning at the regular 9:30 service, the Rev. Father Edmund E. Hood, Rector of the Church of St. Ignatius of Antioch, installed eight boys to serve as acolytes before the altar of the parish church.

The candidates were presented to the rector by Acolyte Master Richard E. Landau, those installed were: Paul Magiera, Robert Story, Mike Murrie, Terry Folbrick, John Horton, Sr., Allan Stowe, Jack Stieber, Jr., and Roger Van Patten. At the conclusion of the service each boy was presented with a pin as an emblem of his office in the parish church. Each boy, in order to qualify for the office of acolyte must serve faithfully for a period of not less than six months and not more than twelve in order to be installed and received into the organization.

Summer Stock at Woodstock

After several years of winter activity the Woodstock Opera House in Woodstock, Ill., will become the home of a new summer stock organization, Theatrical Productions, Inc., which has leased it for 10 weeks.

The corporation with a home office in Chicago is headed by Edwin Halparin and Director John N. Fritz, students at the Goodman School of the Theatre in Chicago. They will announce productions starting July 1.

Where the Customer Is Wrong

"In a Communist department store, the customer is mostly wrong."

That wry observation was made by Wall Street Journal correspondent Mitchell Gordon, after he had visited one of the large state-owned department stores in Soviet East Germany. The wares were few, costly and shoddy—a 10-inch TV set was offered at 1,300 East Marks, which represents four months' pay for the average factory worker, and people stood in long lines for an opportunity to buy light bulbs on a two-only-to-a-customer basis. There were no escalators, and only one small, slow elevator. There was no complaint department—and when a customer did remonstrate about some difficulty he was all but thrown out bodily by salespeople. Of course, as Mr. Gordon observed, "The customer can always take his business elsewhere—to another state-owned store."

This may seem incomprehensible to the American housewife. She is used to the utmost courtesy and attention, whether she patronizes a big store or a small one, a chain or an independent, and if she doesn't get it she goes elsewhere. She is conditioned to the best in sanitation and displays. She expects to find large and varied stocks, and she isn't disappointed. And the prices charged for all the necessities and most of the luxuries as well are within the means of the average family.

Why should there be such a vast difference between a privately-owned American store and a socialized communist store? Monopoly, and most especially government monopoly, always makes for scarcity, high prices, and indifference. Free competition makes for abundance, the lowest possible prices, and excellent service all along the line.

Menace at Sea

Representative Vinson, the chairman of the House Armed Services Committee, recently warned that Russia is concentrating on building a major naval force, with the latest types of combat ships. He said, "We know that Russia is far ahead of us in the latest type submarines," and that "we must and will have the naval power" to meet Russia's threat.

In an editorial on the subject, the South Bend, Ind., Tribune said, "In any future war, the Reds would concentrate on knocking out or at least slowing American and British life lines around the world. The obvious instrument for this sort of effort, according to the Navy is the submarine. Used effectively, the U-boat can be a grave menace to nations using the sea lanes."

"Anti-submarine weapons will have to be supplied in great quantities to offset the Soviet ascendancy."

In addition, the grim realities of this situation make it essential that we have something more than the best anti-submarine weapons, vital as those are. That something is a modern merchant marine, of

adequate size, along with the necessary shipbuilding facilities. No matter how excellent our submarine defense, losses of merchant vessels would be inevitable. We must be able to replace them as needed. And we must have up-to-date ships which would have the best chance of surviving in submarine-infested waters.

We can't depend on foreign-flag merchant marines for this. It's up to us.

Time for a New Look

The Bellingham, Wash., Herald, points out editorially that practical hydroelectric power sites in the region are becoming fewer. Yet the need for large additional amounts of electricity remains. Consequently, the paper says, "It is not impossible that coal, of which the state has an abundance—though the industry has been in a decline for several years—will be given a new look as the problem becomes more acute. In fact, the time for a critical look is here."

Here is another illustration of coal's importance. Major hydroelectric sites are, for the most part, far from the principal centers of industry and population. All hydroelectric power production is subject to the vagaries of weather. Steam power from coal suffers from none of these disadvantages. And there is no danger of the coal running out—there is enough for countless years. Putting it another way, even though 500,000,000 tons of soft coal have been mined annually, on the average, since 1910, the coal still in the ground amounts to about 95 per cent of the original total reserve.

By 1959, estimates hold, power production will take more than 167,000,000 tons of coal a year—double that of 1949. A leading chemical concern has called coal "the greatest source of cheap and firm electric power that can be created by any company today." Yes, coal is still essential, and the great industry that produces it is still basic.

* * *

The Low Down From Hickory Grove

The optimist says, pass the CREAM please. The pessimist suggests you might pass the pitcher if there should happen to be a little bit of MILK left in same. As a sample of burnt-in-the-cork optimist I nominate Stonewall Jackson Benson. He maintains that the farming business is not washed up and must be a never ending prodigal or anything else needing bolstering for evermore by Sambo via props and controls. He says horse sense will do it. He says a farmer without freedom is like anybody or any nation that has to lean on something. There is no law against horse sense but you know, the way Congress acts sometimes it makes you dubious. Congress needs an overhaul on its sniffer—it don't mean votes when it insists on dishing out fabulous Govt. money—promiscuous-like. Congress is on the wrong scent.

Folks, I think, sometimes, are beginning to savvy that the cash that Sambo ladles out throughout the year is the very same folding money they left on April 15 with the Tax Man. And you know with some 2 million on Samuel's payroll, you need look no further to see where the erosion took place. Govt. is too big.

We been calm and collected too long. We gotta get Sambo out of the Grand Coulees, the TVA's—off the farms—out of 100 odd lot places. Uncle Ike could use even more Mr. Herb Hoovers and Stonewall Bensons.

Yours with the low down,

JO SERRA

WILMOT

Mrs. William Harms and John Grabow were Sunday guests of Mrs. Frank Ehler.

Mr. and Mrs. George Higgins spent Tuesday evening with Mr. and Mrs. Herman Frank.

Mr. and Mrs. Arthur Fiegel and Kathleen, Mrs. Selma Jedele of St. Louis, Mo., called on Mr. and Mrs. Gust Neuman Saturday.

Mr. and Mrs. Elmer Labanez of Chicago spent Sunday at the Kunz-Albrecht home.

Mr. and Mrs. George Eckert, Mrs. Frank Miller, Chicago, Eleanor Ehler of Deerfield, Ill., Mrs. Charles Richards, Mrs. Joe Czedor, Mrs. Christ Ehler, Silver Lake, Mr. and Mrs. Floyd Hahn and Sherry, Mrs. Richard Thornberg, Mr. and Mrs. Matt Hahn, Kenosha, Mrs. Earl Swenson, English Prairie, spent Sunday at the Schubert-Albrecht home.

Mr. and Mrs. Elmer Rasch and family spent Sunday with Mrs. L. Sweet, Richmond.

Mr. and Mrs. Ervin Rasch and family, Mr. and Mrs. Norman Rasch and family, Mr. and Mrs. Elmer Rasch and family spent Sunday afternoon with Mrs. Charles Rasch and Mr. and Mrs. Henry Leitling, Kenosha.

Junior prom will be held at the Wilmot gymnasium May 13, 8:30 to 12. The grand march will be at 9:30. Music by Stephan Swedish and orchestra. King and Queen will be Howard Gehrke of Rock Lake Highlands and Kay Miller of Wilmot.

Mr. and Mrs. Herman Frank and Mrs. Frank Zarnstorff, Sr., spent Thursday evening at Burlington Memorial hospital visiting Frank Zarnstorff, Sr.

Mr. and Mrs. Stanley Brown and family of Kenosha spent Wednesday evening with Mr. and Mrs. Harvey Brown.

MAGNIFICENT 260 HORSEPOWER PACKARD PATRICIAN

the New **PACKARD**
with Torsion-Level Ride

A truly distinctive fine car—the new Packard.

Distinctive in having exclusive Torsion-Level suspension . . . providing a ride so smooth, so level, so comfortable on any road it has created a higher concept of motoring pleasure! Distinctive in its quiet magnificence, with color harmonies both refreshing and sophisticated and interiors designed for your personal luxury.

Torsion-Level Ride—Packard's newest

achievement in creative engineering leadership—eliminates conventional coil and leaf springs. In other cars, twisting forces due to wheel shock are transmitted to the frame with resulting pitch and bounce of passengers and wracking of car body and frame. With the new Packard these same twisting forces are transmitted along the new torsion bar system and absorbed before they can reach frame or passengers.

Distinctive, too, are Packard's new "free-

breathing" V-8 engine, developing up to 275 horsepower . . . and the agile automatic response of Packard's two-in-one Twin Ultramatic Transmission.

Here, in all its distinction, is a fine new car with a fine old name.

7-Day School Week Is Predicted by Education Professor

ANN ARBOR, Mich.—The school of the future will be in session all-year-round, seven days a week, predicts a University of Michigan educator.

Prof. Max Wingo, of the University's School of Education claims that the 12-month development is almost bound to come about in answer to social pressures which are demanding that some now neglected services to youth be met. "The school of the near future will have to take over some of these services or face the consequences," he warns.

He charges that in the last generation the school has resisted just about every effort to increase its responsibilities. "In the initial stages it balked at feeding children at noon, at driver's training, and at offering recreational programs. The assumption of these responsibilities was forced on the schools by a great groundswell of social necessity. The school simply hasn't been able to resist so powerful a force. We do teach teenagers to drive cars now, we have increased our vocational departments, and in my judgment we will continue to do so," the professor declares.

But there's still a vast area of necessary services—complex and controversial issues—now for the most part bypassed by the schools and other social institutions.

Professor Wingo asks who is going to give instruction in the physiological, emotional and ethical aspects of sex behavior? Who is going to take systematic responsibility for maintaining the health of our younger generation? Who is going to be responsible for systematic religious instruction? Who is going to help children develop worthwhile vocational interests and skills?

If the school does not, he warns, it will become increasingly removed from the people.

Silent Couple Gets Divorce After 8 Years

CHICAGO—A husband and wife who hadn't talked to each other for eight years were divorced recently.

Judge Edward B. Casey of Superior Court granted the divorce to Mrs. Eleanor Miele, 44, a laboratory technician, from Benjamin Miele, 48, a truck driver, on cruelty grounds.

Mrs. Miele's attorney at a previous hearing said the couple had not spoken to each other for eight years, communicating by notes pinned on a bulletin board in the kitchen of the home they shared. The husband moved out.

New Machine Splits Blood Components

CAMBRIDGE, Mass. — A new machine, the "Fractinator," developed by the Harvard Medical School and a Cambridge industrial research firm can separate human blood so that its components may be packaged in separate containers.

The Fractinator is said to eliminate the present hazard of contamination during blood processing.

The machine is the size of a home washing machine. Tubes and connections are made of plastic rather than glass and rubber because the latter substances cause blood to adhere.

One Way to Cut Down Milk Surplus

EAST LANSING, Mich. — Here, perhaps, is the way to solve the milk surplus problem.

A Michigan State College graduate student survey showed that many people will drink milk instead of coffee—if they're given a choice for their restaurant meal.

The students took their survey at a college center which serves lunches and dinners to hundreds of groups holding meetings. Waitresses made sure the guests were given a choice of milk or coffee.

For 11 meals, 300 out of 1,777 people—11 per cent—chose milk. In a two-meal survey, only 4 per cent drank milk when they had to ask for it.

Before the survey, the center, like many other establishments, served coffee and the guest received milk only if he asked for it.

For another part of the survey, milk was placed at every plate-free. Eighty-four per cent of the guests drank it.

Postal Clerk 'Gets' \$5,000 in Book Dues

NEW YORK—A postal clerk has admitted gathering in \$5,000 as a "participant" in a book club.

Postal inspectors said the clerk, Robert M. Leach, 45, Huntington, N. Y., made the mistake of taking his car to a garage where a mechanic noticed hundreds of envelopes in the car's trunk, all addressed to the Doubleday Book Club of Garden City. Inspectors also found other envelopes in Leach's locker at the Garden City Post Office.

Inspectors said Leach admitted raiding Doubleday's mail of checks for the past five years. He was charged with embezzling mail. If convicted he could be sent to prison for five years and fined \$5,000.

Misguided Missiles

MISGUIDED MISSILES

The Jewel Box

\$100.00

Diamond Rings

for \$100.00

We, at The Jewel Box, do not conduct diamond "sales." Flawless diamonds are not seasonal merchandise and the prices are constant the year around. Our \$100.00 diamond rings are \$100.00 diamond rings! We do not price them at \$150.00 to have a "discount" sale. To do so would be only deceiving ourselves and you.

"So, when you pay \$100.00 or \$200.00 or a thousand dollars for a diamond at THE JEWEL BOX you are assured that the cost is consistent with fair and honest pricing. . . . You are assured that the diamond is blue white and perfect because that is the only kind we sell!"

In 1847 a Swedish engineer named pinwheel mechanism, basis of the key Odhner, distributed by Facit, is still the world leader in its field.

First new idea in TV sets since color... CBS-Columbia TV sets with Sweep Tuning*

NEW IDEA IN TUNING!

CBS-Columbia SWEEP TUNING is the quickest, handiest, most sight-saving station selector ever built! No bending down. No reaching around. No slippery little knobs with squinty little numbers. Dial is king-sized and right in front—where it belongs. Just sweep the SWEEP TUNING to the big, clear channel number—let it snap into place. There's your program—sharp and clear—locked in tune for good!

NEW IDEA IN PERFORMANCE!

Giant-powered CBS-Columbia Century Chassis gives you pictures of astounding clarity and contrast—even in fringe areas.

NEW IDEA IN FINISHES!

Sensational new DURA-CLAD FINISH can't chip, crack, peel, stain or scratch. Never needs waxing or polishing.

NEW IDEA IN COLORS!

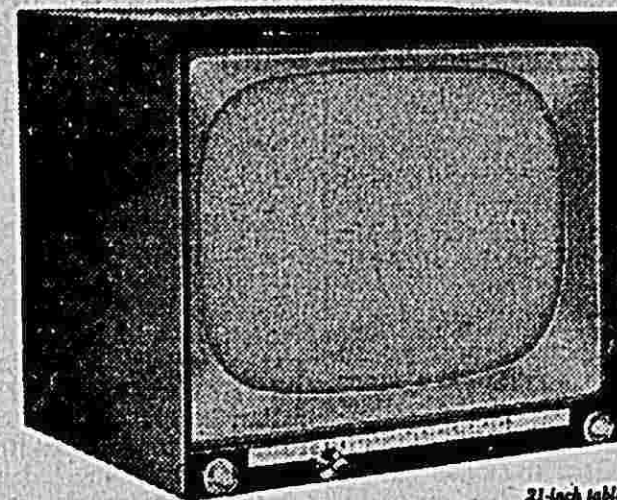

Four high-style colors to delight the decorator in you! Take your pick of Cordovan, Coffee, Sand or Gray.

NEW "FITS-ANYWHERE" SIZE!

This set has the smallest, most compact cabinet of any 21" table model—fits practically any leftover space! Cabinets designed by Paul McCobb.

NEW IDEA IN PRICE!

With all its features, this new 21-inch CBS-Columbia costs about half as much as you used to pay for conventional 21-inch television sets!

21-inch table model with coffee-finish cabinet

SOCIETY EVENTS

Deep Sea Scenes are Setting for Crowning at Antioch Jr. Prom

With the theme "Aqua Nocturne" depicted through deep sea scenes, students danced to the music of Jonny Kay's orchestra at the Antioch High school junior prom Saturday evening.

The ceiling portrayed the ripples of the water's surface, while a large octopus gazed down upon the dancers, its tentacles extending outward. The band stand was a huge shell, and punch likewise was dispensed from a shell.

Two cavern scenes contained fish, a treasure chest and an anchor beside a wrecked ship.

Queen Priscilla Bauguess and her court entered from cavern risers overlaid with fish netting. Spotlights were thrown on both the attendants and their escorts as they entered from different caverns.

Al Reckers escorted Rosalie Morris; Don Cardiff, Pat Hamlin; Don Schroeder, Donna Ballwanz; and Bill Layton, Marye Schlicht.

Then both lights were turned on Queen Bauguess who was escorted to the throne by Bob Terry. There they were crowned by Marilyn Furlan, last year's queen and Warren Brownlee, last year's king.

To the tune of the Coronation Waltz the new king and queen danced and were gradually joined by the court and crowd.

Judith Pyle Wins Essay Contest in Class I

Judith Pyle, a ninth grade student of Antioch High school was the winner in Class I in the Americanism Essay contest conducted by Antioch American Legion Auxiliary unit.

The subject for the essay was "What Freedom in America Means to Me."

Judith's essay read: "Freedom in America means a lot of little things all condensed into one important thing, that is, to be free in everything I do. To be free in the worship of God; to be free in speech and most of all to be free in the choosing of persons whom I want to govern me. This right to choose who I want to govern me is a very important right, for this right has made America what it is today, a free nation.

"When I look and see how people are suffering in other parts of the world, I see what freedom really means and how wonderful it is to have it.

"I go to a school which teaches me the good things in life, to have enough food on the table, to be able to have clubs, to go to movies, to be able to tell what I think I could do to better it, and to go to the church I want. I can do all these things in America without the fear of being sent to a prison or without fear of having one of my family hurt or even killed. This is true freedom and only one nation has this freedom and I am glad to be a part of that great nation.

"When I go to school in the morning and talk with my friends and laugh and shout greetings to other friends I feel a great warmth in my heart for this great favor God has given me, the right to be free. Free to do the things I please, free to talk as I wish and free to write the things I think are right.

"When I look into my closet and see all my clothes and think of the very many people in the world who have hardly any, it gives me another aspect of freedom in America, it shows me that freedom brings prosperity. These, and all the other things, are what Freedom in America Means to Me."

Other winners in the Essay contest Class I were David Mitchell, second and Carla Ellison, third, both of Antioch High school. In Class II Arlene Cribb was first winner and her essay won second award in the Tenth district contest. Bill Utley was second winner and Dorina Eiten, third in the Antioch high school contest.

Mrs. Lucy Himens, Americanism chairman of Antioch unit, introduced these young student essay winners at the meeting of the Antioch Unit, Friday, April 22, and they were given their awards.

Judith Pyle read her winning essay at the meeting and Arlene Cribb read her winning essay also.

LOUISA VOS TO BE GUEST OF ADMIRAL

Miss Luisa Vos, daughter of Mr. and Mrs. Edmund F. Vos, of N. Main st., together with her classmates, will be the guest of Rear Admiral and Mrs. E. P. Forrestal on Saturday, May 14 at Great Lakes Naval Training Station. The girls will witness the first review of the season and then have luncheon with the Admiral and Mrs. Forrestal. Luisa is a member of the freshman class at Ferry Hall, the girl's private boarding school in Lake Forest, Ill., where she is a classmate of the Forrestal's daughter Judith.

Mr. and Mrs. Frank Hattrem of Los Angeles, Calif., were dinner guests Monday evening of the Hunt and Simonson families. They spent some time visiting Mrs. Hattrem's sister, Mrs. B. J. Corbin and family at Cross Lake.

Jean Beaumont and Ralph Gresens Exchange Vows Saturday Eve'g.

Miss Jean Beaumont became the bride of Ralph Gresens in a double ring service at St. Lawrence Episcopal church, Libertyville, recently. The Rev. T. K. Rogers officiated at the service.

The bride, daughter of Mr. and Mrs. George Beaumont of Mundelein was given in marriage by her father. She chose for her wedding a ballerina length gown of white eyelet embroidered organdy, her fingertip veil was held in place by a

Ralph Gresens and Bride

wreath of pink rosebuds. She carried a bouquet of Fuji mums, pink sweetheart roses and ivy.

The bridegroom is the son of Mr. and Mrs. Edward Gresens of Antioch.

Miss Carole Beaumont was her sister's maid of honor, wearing an orchid crystaletta gown. She wore a crown of orchid lily of the valley. Her flower were Fuji mums.

Miss Valerie Gresens, sister of the bridegroom served as bridesmaid. Her gown was of orchid crystaletta and she carried a bouquet of Fuji mums. Claire, sister of the bride, served as junior bridesmaid, wearing an orchid taffeta frock. Her flowers were Fuji mums. Fred Trente acted as best man and Vernon Wright as usher.

Robert Morton sang Ave Maria accompanied at the organ by James Berkley who played traditional wedding music.

Guests were greeted at a reception held immediately following the ceremony at the Swedish Glee club in Waukegan.

Mrs. Beaumont, mother of the bride wore a navy blue lace gown with pink accessories and a corsage of pink roses. The bridegroom's mother wore a periwinkle blue lace dress, a corsage of pink roses matching her accessories.

The bride is a graduate of Libertyville-Fremont High school and the groom is a graduate of Antioch Township High school. He attended Northwestern University and served in the Marine Corps.

The newlyweds plan to make their home in Antioch.

Antioch VFW, Auxiliary Install New Officers in Joint Meeting on May 7

The Antioch V. F. W. Sequoit Post 4551 and Auxiliary held joint installation ceremonies at St. Ignatius' hall Saturday night.

The officers newly installed for the Post are as follows:

Commander—Austin L. Kersten; Senior Vice-Commander, James Mueller; Junior Vice-Commander—John Sherbet; Post Advocate—Marvin Holtorf; Quartermaster—Warren Edwards; Officer of the Day—William Armstrong; Adjutant—Richard Burnette, and Chaplain—Robert Strang.

For the Auxiliary: President—Grace Kersten; Senior Vice-President—Marion Strang; Junior Vice-President—Evelyn Sherbet; Treasurer—Lillian Burnette; Secretary—Jean Mueller; Chaplain—Nellie Hanke; Conductress—Kate Verkest; Guard—Gertrude Flint; Patriotic Instructor and Trustee—Lydia Edwards; Musician—Ethelyn English, and Historian—Myra Randall. Although the officers have been duly installed, they will not assume office until after the V. F. W. Department Encampment in June.

The Auxiliary installation was conducted by Mrs. Jessie Kopping and her color team from Watch City Post No. 1307, Elgin, Ill. The installation of the post was conducted by Mervin L. Schoenholtz, past commander of Fox River Post No. 4600, McHenry.

Refreshments and a social hour followed these colorful and very impressive installations.

A very pleasant evening was enjoyed by a good assembly of visiting posts and auxiliaries, local people and guests. Among the guests in attendance, the presence of Lloyd and Lella Whitney was particularly noted. The Whitneys are the authors and publishers of the Patriotic Records which the Sequoit Post has been sponsoring.

Teen-age Dance Friday Provided by Musicians Free to Antioch Area

One of a series of dances presented for the teen-agers in the Lake county area by the Waukegan Federation of Musicians will be held in the Antioch high school gymnasium on Friday evening, May 13, from 8 to 11:30 p. m. All teen-agers of Antioch and the surrounding areas are invited to attend.

Appearing at the dance will be the TV stars, Don Jacoby and Chubby Jackson with the Swing all Star band. A lunch will be served consisting of hot-dogs, popcorn, Pepsi-Cola and ice cream.

Four sets of parents in the Antioch area have been asked to help supervise and serve refreshments. They are Mr. and Mrs. John Romer, Mr. and Mrs. Anthony Scully, Mr. and Mrs. Frank Ballwanz, and Mr. and Mrs. Clete Vos. All have very cordially responded.

Women of the Moose to Give Anniversary Dance on May 28

Pupils of the Marjorie Young Dancing School of Lake Villa entertained the Women of the Moose, Antioch Chapter No. 735, at their regular meeting last Thursday, at the Moose lodge. Four new candidates, Mrs. Al. Erickson, sponsored by Mrs. Nels Jung; Mrs. Harold Borchardt, sponsored by Mrs. Alice Young and Mrs. Charles Smith, sponsored by Mrs. Robert Bushmole, came members of the Antioch Chapter and Mrs. D. Berlin, also sponsored by Mrs. Jung, entered Home Chapter.

Graduate Mrs. Leslie Palmer, presented the new Academy of Friendship members with their rings.

Senior Regent, Mrs. Frank Kennedy, Jr., announced that the slate of officers will be presented at the next meeting, Thursday, May 19, and the chapter will hold an Australian ballot on Thursday, June 2, from two to four in the afternoon for the convenience of any co-workers that may not be able to attend the meeting that evening.

The committee chairmen should notify the members of their committees who are eligible for the new Horizons certificates and urge them to be present at the May 19th meeting when the awards will be given out.

Senior Regent Kennedy reminded the Chapter of the skating party being promoted by the Loyal Order of the Moose at Twin Lakes on Monday, May 16, at 8:00 p. m. D.S.T.

Tickets for the Women of the Moose Anniversary dance, Saturday, May 28, are now available and can be purchased from any of the co-workers or at the Lodge. The Chapter has engaged the Bob Vogel orchestra.

Refreshments were served after the meeting by the Hospital Guild chairman, Mrs. Fred Gras, and her committee, the Mesdames Douglas Palm, C. Kennedy, L. Long and Harry Arndt.

Eighth Grade Pupils To Visit High School, Dine, Be Entertained

The third annual visitation day for eighth graders will be held in the Antioch High school on May 13. The purpose of the visit is to acquaint the eighth graders with the building and to discuss the program of subjects that will be taken in the first year of high school.

There will be approximately 135 pupils who will be accompanied by their parents. Both parents and pupils will be the dinner guests of the high school from 12:15 to 1:00 p. m.

Immediately following the dinner the group will meet in the auditorium for the program which will consist of the following:

Welcome by Student Council President Ed Ring.

Duet by Donna Reidel and Jackie Martin.

Instrumental number—Robert Cain.

Dance—Barbara Smith.

Vibra-harp number—Vernon Burdick.

The various club activities will be discussed by the present presidents who are now council members: Student council by Ed Ring; "A" club by Bill Blake; Girls' Athletic Association by Phyllis Petersen; Future Homemakers of America, by Sheryl Mair; Latin Club by Joanne Heydon; Annual, by Marilyn Furlan; National Music Makers, by Carol Cervenka; and the Tom-Tom by Nancy Rentner.

General information will be given by Principal Albert Dittman, after which the students will be taken on a guided tour of the building by student council guides. They will be Joan Mair, Janet Rogers, Karen Rentner, Joan Forbrick, Joanne Haydon, Ed Ring, Carol Cervenka, Lynn Bolton, Marilyn Furlan, and Kathy Arndt.

School authorities sincerely hope that all parents who possibly can will avail themselves of this opportunity to visit the high school with their sons or daughters, the incoming freshmen.

Mr. and Mrs. Charles W. Wikoff and family of Urbana visited Mrs. Wikoff's parents, Mr. and Mrs. Joseph Rymer of Antioch several days this week.

Girls Get Top Honors In Senior Class Rating

Nancy Rentner and Garnet Seyfarth have received the one and two scholastic ratings at Antioch Township High school.

Nancy, daughter of Mr. and Mrs. Elmer Rentner of 375 Harden street is valedictorian and Garnet, daughter of Mr. and Mrs. Richard Seyfarth of Lake Marie, was declared the salutatorian.

Nancy Rentner in addition to her scholastic achievement has participated in many of the school activities. Nancy has been in the Girls Athletic association and has played with the All-Stars athletic teams for two years. She has worked on the Tom-Tom newspaper staff for four her senior year. In 1954 Nancy was the president of the Latin club. She is completing her third year with the band and in her sophomore year attended Music Camp. She also participated in the girls' chorus for two years. Nancy has continually held high scholastic standing and in her junior year was selected as a member of the National Honor Society. In her senior year Nancy was a representative of the Student Council and had a character lead in the senior play. The high science award was won by Nancy this year. The Bausch and Lomb Science award is presented to the student with the best grades in four years of science.

Nancy's hobbies are sports and reading. She will attend Lawrence College at Appleton, Wis., where she will specialize in science and mathematics.

Garnet Seyfarth has also been active in many of the school activities with particular interest in the girls sports. Garnet was recently chosen for the Sportsmanship Award at the annual G. A. A. Mother-Daughter banquet. Garnet also played for two years on the G. A. A. All Stars. In the junior year, she

Nancy Rentner, Valedictorian

Garnet Seyfarth, Salutatorian

was selected as vice-president of the Latin club. She served as secretary to the Student Council her senior year. Garnet has been interested in music, too. For the past four years she has been in the A Cappella choir. Garnet has held leading roles in the junior and senior dramatic productions. The Tom-Tom newspaper staff has occupied much of her time the last three years. Garnet has been a member of the National Honor Society during her junior and senior years on the basis of scholastic attainment. She will enter nurses training in the fall.

Larger Methodist School Brings Divided Sessions

Divided sessions of the church school will be held at the Methodist church starting Sunday, according to Mrs. Earl Sauter, superintendent. Fourth grade pupils through high school and adults will meet from 9:30 to 10:30 a. m., and the nursery through the third grade will meet from 11 a. m. until 12 noon.

The change was made it is said because of the large attendance which is now more than 300 and the lack of room.

W. S. C. S. TO HOLD MEETING MAY 18

A regular meeting of the Women's Society of Christian Service will be held at Wesley hall at 1:30 Wednesday, May 18. Mrs. William Frey will lead the devotions. The Rev. Howard Benson will be guest speaker. Mrs. D. H. Noddin and her committee will have charge of the luncheon.

Darlene Merrill Queen Gene Ludwig King at Central High S. Prom

Darlene Merrill will reign as queen and Gene Ludwig as king at the Central High School prom Saturday evening. They will be crowned at 10:30 p. m.

The prom will be held in the school gymnasium and is the third annual junior dance. The theme will be "Deep Sea Fantasy," and the music will be by Vern Perry's orchestra.

Members of the queen's court will be Donna Krahn, senior, Margaret Kerkhoff, junior; Elaine Fowler, sophomore, and Ruth McCormack, freshman.

Mrs. Fred Bartlett Will Head Doughnut Day Campaign in Lake Villa

Mrs. Fred Bartlett, Box 42, Lake Villa has been named chairman for Lake Villa for "Doughnut Day," the Salvation Army's annual tag day to be held Friday, June 10, in Chicago and suburbs.

The appointment was announced today by Mrs. Ernest F. Durava, Deerfield, Lake county chairman.

Mrs. Bartlett will direct the activities of the women in Lake Villa who volunteer as Doughnut Day taggers to assist in raising funds for the many social-welfare services The Salvation Army offers to the unfortunate.

Mrs. Bartlett will be serving her sixth year as chairman for Lake Villa. She will tag as a representative of the Veterans of Foreign Wars auxiliary. She also belongs to the American Legion auxiliary, Royal Neighbors of America, and the Past Presidents club of Chicago.

Mrs. Bartlett will be assisted by Mrs. Jacob H. Fish, serving as co-chairman for Lake Villa. She has been a tagger for five years. She belongs to the Royal Neighbors of America and the Veterans of Foreign Wars auxiliary.

SALEM

Mrs. Charlotte Bloss spent the week end with Mr. and Mrs. Harold McSweeney of Delavan.

Mr. and Mrs. Earl Elfers of Rock Lake, Mr. and Mrs. Elmer Fleming and family of Burlington, and Mr. and Mrs. Herbert Hein and children of Bristol spent Sunday with their parents, Mr. and Mrs. David Elfers.

Mr. and Mrs. Conrad Konziski have moved from Paddocks Lake to Milwaukee where they will make their home.

Mr. and Mrs. Clarence Imrie and children spent Sunday at Lake Mills where they were guests of Mr. and Mrs. Victor Imrie. The occasion was the confirmation of the son of the Victor Imries.

Mrs. John Bomleny has returned from Victory Memorial hospital in Waukegan where she underwent surgery.

Mr. and Mrs. Byron Patrick drove to Kenosha on Monday and called on their son and wife, Mr. and Mrs. Ray Patrick, making the acquaintance of their new grandson, Thomas Alan Patrick, born April 30.

A large number of friends and relatives attended the wedding of Miss Marlene Kaphengst to Clarence Nelson at St. Mary's church in Kenosha on Saturday morning. Marlene is the daughter of Mr. and Mrs. Elmer Kaphengst of Salem and Mr. Nelson is the son of Mrs. Ann Nelson, 2917 - 72nd ave., Kenosha.

Mr. and Mrs. Nelson are on a short honeymoon after which they will reside with the bride's parents at Salem.

Mr. and Mrs. Robert Imrie entertained relatives from Elgin on Sunday.

Mr. and Mrs. Walter Schmidt of Pell Lake called on Mr. and Mrs. Alfred Schmidt on Sunday afternoon.

Panama Is Land Of Much Variety, Vivid Contrasts

WASHINGTON — Panama, the country shaken by the assassination of its President, is a land of variety and contrast.

Culturally Latin, the 29,140-square mile country is called the bridge of the world, bestriding a narrow S-shaped Isthmus that connects North and Central America. The 10-mile-wide Panama Canal Zone divides the republic itself into two parts.

Spanish is the official language and architecture, dress and customs bear colorful witness to the nation's Hispanic past.

The Panama Canal Zone covers a 552-square mile strip under perpetual lease to the United States. It is North American in character. The United States acts as employer, landlord, doctor, butcher, baker, hotel-keeper, recreational director and laundryman.

Panama stands as the youngest American republic—some of its territory is unexplored. Yet it was the site of the first Spanish colony on the mainland of the New World.

In 1502, Columbus explored the Caribbean coast of Panama and established a colony at Portobelo. Spain maintained jurisdiction until 1821, when Panama became a part of the independent Gran Colombia federation. The little nation did not gain full independence until 1903.

Survey Indicates Men Weakest Sex

CHICAGO — Here we go again, men.

A nationwide survey released recently shows that more men are hospitalized than women, so who's the weaker sex?

This is true despite the fact that one-sixth of all persons admitted to hospitals in one year were pregnant women.

A survey by the Bureau of Medical Economic Research showed that on one day in 1953 there were 1,208,592 persons in 6,539 of the nation's 6,840 registered hospitals. This included 642,156 men and 564,426 women—or 77,720 more men than women.

And, fellows, Frank G. Dickinson, director of the bureau, says the higher hospitalization rates of males "strongly implies that they are the sicker and more hospitalized sex." However, the survey gave no definite reason for the excess.

A breakdown of the totals showed that even in the child-bearing years of life, between 15 and 44, men exceeded women in hospitals by 13,000. At ages 45-64 the excess was over 51,000, but after 65 it dropped to 2,000.

Boy Collects for Offer Made in 1886

CHICAGO—A Muskegon (Mich.) boy, David Pyle, 9, came to Chicago recently to collect a one-dollar reward for finding in Lake Michigan a bottle which had bobbed in its waters for nearly 70 years.

Back in 1886, the Chicago Drainage and Water Supply System used bottles, tossed into the lake and containing post cards, to trace the lake's currents. Finders of the corked bottles were asked to mail back the post cards, thus giving city officials a clue to the currents. Finders were promised a dollar reward.

Although David's find was many years late—the offer expired January 1, 1897—City officials decided to reward him. They invited the boy and his parents, Don and Jean Pyle, for the presentation.

Lost Hunter's Signal Brings but Question

BAYFIELD, Wis. — Raymond Sales, a deer hunter from Chicago, underwent a hunting experience that has probably happened to many nimrods.

It was getting dark, and Sales decided to leave his 14-point buck and set out for camp.

He fell over logs, slipped over rocks and finally decided he was lost. He signaled his distress with shots from his rifle. In the distance the signal was returned.

He started toward the sound and kept shooting. Each time his signal was answered. Finally he saw a form coming toward him. Thinking he was in camp, he shouted "Where are the cabins?"

"You mean you are lost, too?" a voice asked.

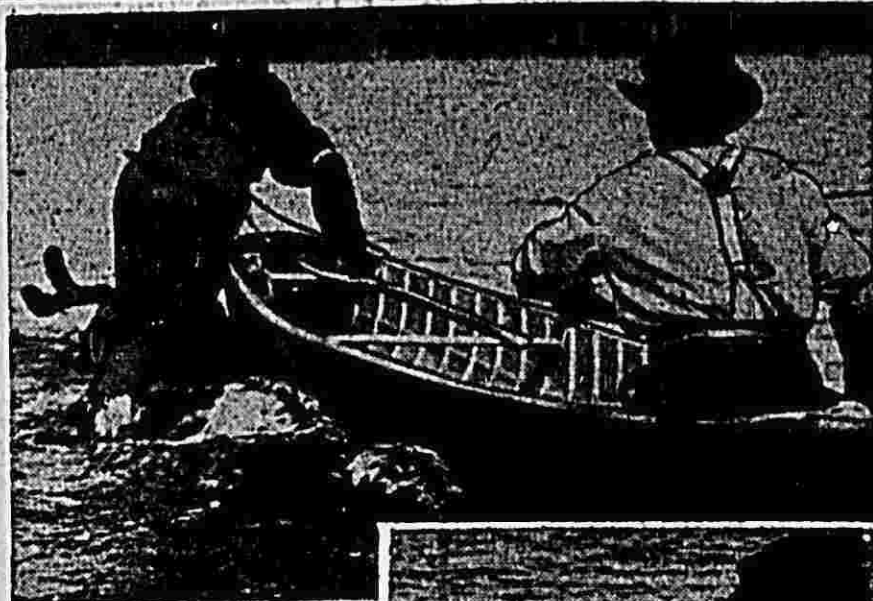

For Bed Smokers

VICTORIA, B. C.—A man who likes to smoke in bed says he has figured out for bed-smokers a system that does away with the fire hazard.

J. Henry Michaud says his invention is an aluminum tube with holes in the sides which screws into a cigarette holder. No ash can escape, he says.

He got the idea recently in a hospital, where nurses were "always raising heck with me for smoking in bed," he explains.

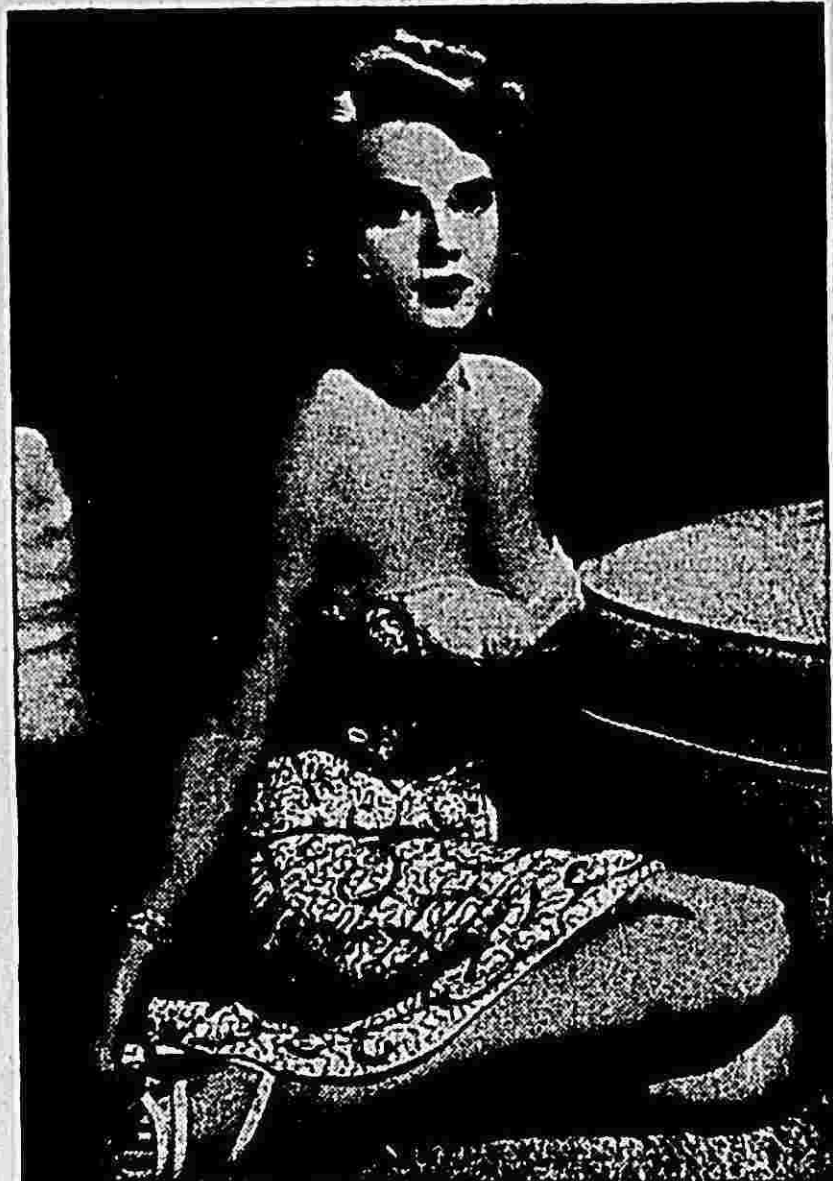

Ride 'em Cowboy

Photos Canadian National Railways

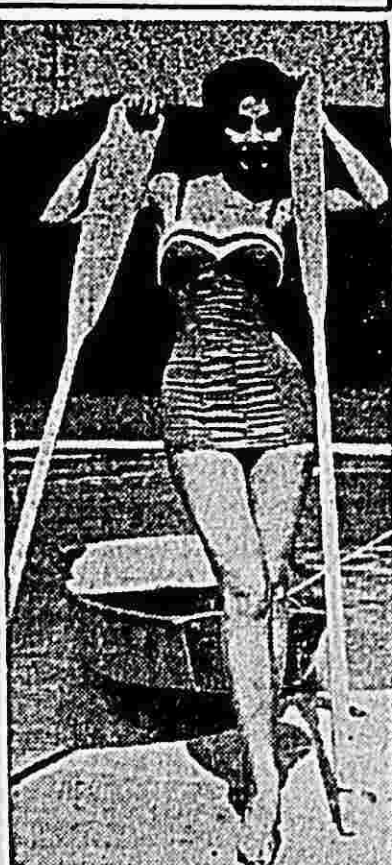

In some of the most remarkable action pictures to come out of the north woods, Billy Robinson, Chief Photographer of the Canadian National Railways, caught a *Loe La Croix* Indian Guide actually riding a moose. In the photo above Jack LaFlamme steps out of the canoe paddled by his companion, Joe Coutiere, on to the back of the moose swimming in a *Quetico Park* Lake in the Rainy Lake District of Ontario. In the second picture, Jack is firmly on the animal's back and celebrates the event by waving his hat. The third act in this drama was not photographed: it was the unseating of LaFlamme by the moose who promptly swam ashore and disappeared in the woods, none the worse for wear.

She's Sitting Very Pretty

ANNE FRANCIS is caught in this attractive pose of relaxation by our candid camera between scenes of her next M-G-M picture, "Blackboard Jungle," in which Glenn Ford plays opposite.

HOOR GLASS!

A pool-side glimpse at lovely Jeanne Crain shows her hourglass figure to be one of the finest in films. Her next movie: "Man Without a Star," starring her with Kirk Douglas and Claire Trevor.

Business and Wars Always Give Way To Siesta Time

WASHINGTON—For uncounted centuries the siesta has influenced government, business, international trade, war, rebellion, family life and human health across a large slice of the world.

Cost Rica's short-lived military flare-up left ample time for soldiers to take their afternoon snooze along front lines, according to news pictures. In Madrid last year, proposals to abolish the siesta erupted into heated controversy.

It was the Spanish who named the siesta, taking the word from the Latin sexta hora, sixth hour after dawn, noon. But the customary habit of sleeping through the head of midday was not a Spanish invention.

Pharaohs napped in palaces by the Nile. Centurions of Rome snored during the blazing hours in North African and Near East Lands. Moors brought the custom to the Alhambra and Granada and found the Spaniards already dozing. Spanish conquistadors in turn took siestas in the Aztec halls of Montezuma and the fortresses of the Inca.

Today whole cities and countries shut up shop while the sun is high and hottest. From noon until four o'clock in some lands, all business stops and men sleep.

From 12:15 until 1:45 in Ciudad Trujillo, capital of the Dominican Republic, a caballero could shoot a rifle up or down most of the main streets with little danger of hitting anybody. Then an electric fire siren shatters the silence to warn siesta-takers that it's almost time to go to work again.

Mexico's capital, bursting at the seams, has largely done away with its noon-time nap, partly because public transportation was not up to taking the breadwinning population back and forth between home and working place four times a day.

Device on Planes Spots Submarines

BURBANK, Calif. — Sub not sighted, sank same.

This message may one day come from a U. S. Navy Neptune airplane equipped with new "divining rods" to locate submarines hiding beneath the sea. The long, pointed tail which appeared recently on the Neptune has a special apparatus which can spot underwater vessels.

Called the "MAD-bird"—MAD standing for magnetic airborne detector—the Neptune does its aerial detective work by registering disturbances in the earth's magnetic field.

Based on well-known physical principles, similar equipment was used in military operations during World War II and in oil and other mineral explorations since. New refinements in the MAD-bird permit its incorporation within airplanes. Formerly the magnetic device was towed far behind the airplane.

Eskimo Seal Hunters Bothered by Walrus

FAIRBANKS, Alaska — Eskimo seal hunters at Point Barrow on the northern tip of North America have been having walrus trouble.

An Eskimo correspondent of the Fairbanks News-Miner reported it this way:

"Today Ernest Kignak and a few others saw a walrus. Day after day men would go out and most every man would come home empty. Walrus is an enemy to seals, that's why the seals don't hang around, no matter how good the ice could be.

"The people here wish to see this walrus go away or be killed. A very same thing had happened to this village one time in 1939. People would be short of seals then, too."

Water Pistol Used To Test Steam Pipes

BILLINGS, Mont. — If you should visit a \$17,000,000 refinery here and see a guy walking around with a toy water pistol, he isn't crazy, nor a misplaced cowboy. He's working—checking on steam pipes.

The refinery is laced with miles of pipe, including high-pressure steam pipes with temperatures up to 350 degrees Fahrenheit. That's hot enough to cook a roast. It is often necessary to know if a steam line or trap contains live steam.

At first, refinerymen touched these lines and got burnt. Some spit on the pipes. But now one squirt from a water pistol and the water jet explodes into steam and gives the answer.

Careless Campers
WASHINGTON — Campers caused 43 fires last year in the lands supervised by the National Park Service—more than for any previous year except the 45 in 1952.

All but three of the 1954 fires, the Park Service reported, occurred in areas where overcrowded camp grounds may have forced visitors outside the specifically protected camping areas.

New Officers Of Antioch Woman's Club

New officers of the Antioch Woman's Club for 1955-56 who were installed recently at dinner meeting at the Country Squire are, left to right, Mrs. John Dupre, treasurer; Mrs. C. E. Hennings, vice president; Mrs. Louis Biel, past president; Mrs. Clarence Spiering, president; Mrs. Myrus Nelson, recording secretary; and Mrs. Clarence Olson, corresponding secretary. New Tube Analyzes Car Motor Ailments

An automobile engine analyzer that can detect the ailment of the motor has been exhibited by Socony-Vacuum.

The analyzer weighs about 60 pounds and looks like a portable TV set, in fact, it was a picture tube which throws on the screen different patterns which indicate whether there is trouble or not.

Attached to the ignition system, it can indicate whether there are fouled spark plugs, burned out distributor points, worn distributor camshaft, or any other of a possible 65 different kinds of engine troubles. This can be done in about 60 seconds.

In one car it detected a short circuit which had eluded mechanics for months, caused periodically by the float of a gasoline gauge when it reached a certain fuel level.

The machine will be manufactured by Allen B. Dumont Laboratories Clifton, N. J., under a licensing agreement with Socony-Vacuum.

Buddy Poppy Sales to Be Held Here May 20-21

It was but a dream some 30 years ago, but today the Veterans of Foreign Wars National Home for widows and orphans at Eaton Rapids, Mich., stands as a living memorial to citizens all over the nation who saw fit to "honor the dead by helping the living." The Home receives most of its funds from the annual Buddy Poppy sale which is held throughout the country each year. Post 4551 of Antioch has announced that it will conduct its local sale here on May 20-21.

The V.F.W. National Home is truly a unique establishment, because in fact, it is not a home nor an orphanage, in the terms that such institutions are generally thought of. It is a small city in itself—a children's city. Here the children live in modern homes, like other normal homes. They live in family groups of six to ten children, to each home, cared for and guided by their own house mothers.

They sit down at their own dinner table, with their own family group. The children have household chores, such as cooking for the girls and outside maintenance for the boys. Buses carry them to the city of Eaton Rapids for schooling in the public schools, and they attend the church of their own choosing. As one magazine writer recently put it, "They lead a more normal life than children who really have their own homes."

This is not surprising, for since the inception in 1925 of its home for orphans of veterans, the V.F.W. has been determined that this should not be just another orphanage. Established on a beautiful 640 acre tract of land, the home has managed to grow with the times. The original farm house that was the beginning, still stands, but is now surrounded by 31 modern brick homes capable of housing more than 250 widows and orphans.

In addition there is a community center, library, swimming pool, nursery, guest house, hospital, dental clinic, athletic field and a completely equipped modern farm. There is also a commissary where each house does its own shopping for its own food, enabling both boys and girls to learn the value of money. The same goes for clothes. There are no uniforms, but instead a modern store where each child, with the help of the house mother, picks out his or her own clothes. Each item is priced and each child has so much to spend.

While the children at the home receive a small allowance, each is given an opportunity to work around "Children's City" for extra money. Many of the boys work on the farm or do odd jobs around the house to earn extra funds, while the girls can do the same by helping their house mother or doing other work in the community.

The Ladies Auxiliary has contributed immeasurably to the success of the home. The Auxiliary raised funds for the hospital, nursery, community center and more recently the beautiful new chapel and guest lodge.

"Children's City" has become such an integral part of the State of Michigan that last year, Gov. G. Mennen Williams set aside one day to honor the Home. On hand to help the governor pay homage was movie star Hopalong Cassidy and more than 5,000 school children in the area.

Like their fathers who sacrificed so much, more than 120 graduates of "Children's City" have gone on to serve their country in World War II and the Korean conflict.

The V.F.W. National Home for Widows and Orphans is indeed a unique and worthy project, and Commander Robert Strang of V. F. W. Post No. 4551 has asked that citizens of this community do their small part to carry on this project by wearing a Buddy Poppy on May 20-21.

Need \$25 for Cancer Fund
Antioch's Cancer drive yesterday was but \$25 short of its goal, Mrs. Robert Berg, chairman announced. Coin can collections totaled \$74.44, according to Mrs. Herman Rosing and Mrs. Fred May who distributed and collected the cans.

Dwight Knous Named 2nd Vice President of Lake Shore Division

Dwight Knous, principal, Central Intermediate School, Zion, has been named second vice-president of the Lake Shore Division, Illinois Education Association, for the coming school year.

Announcement of Knous' election to a top post within the division was made this week by the division president, James Moon, superintendent of schools, Western Springs.

Knous has long been active in division affairs serving as program chairman, section chairman, first vice-president, and as a member of the representative assembly.

The Lake Shore Division, Illinois Education Association, is an organization of 8,500 teachers and administrators who are employed in the schools of Cook (outside Chicago) and Lake counties.

Scouts Hold Camporee This Weekend on Farm—On Rte. 59-A at Wilson

Scouts of the Northwest district will hold their spring camporee this weekend at the J. E. Hoffman farm on rte. 59 just west of the Wilson road intersection, near Mundelein.

Mr. Hoffman, who is active in scouting in Mundelein, has been kind enough to make this beautiful site available for the camporee.

Several hundred boys will participate, demonstrating their skills at camping, cooking, Morse code signaling, and many other outdoor activities. Campfires, with skits and stunts will be held both Friday and Saturday nights, parents and the public are welcome to visit at any time but especially at the campfires.

The program has been carefully planned to assist troops to improve in the following fields: food planning and preparation, scout spirit, attitude and conduct, patrol organization and function, camp site cleanliness, during and after.

If the weather permits, a court of honor will be conducted at the campfire on Saturday night.

Antioch Loses to Grant, Edged by Wauconda, to Play Glenbrook Here

Antioch's misfortune on the baseball diamond continued during the past week with losses to Grant and Wauconda.

If the games could be shortened a little Antioch would be winner, but the Sequoias have a habit of losing out in the final innings.

With the score tied 3-3 in the seventh at Wauconda Tuesday the Antioch boys proceeded to hand the game over to the Bulldogs on walks, the winning run crossing the plate in this fashion.

At Ingleside, Friday the Sequoias were far ahead when Grant went into a scoring spree and tallied 14 runs in the fifth and sixth innings to win 15 to 12.

Grant and Grayslake are fighting it out for the conference championship.

Antioch will play Glenbrook here tomorrow and if Friday the 13th will only spell bad luck for the visitors, the Sequoias may win their second game for the season.

Plan Rescue Squad For Lake Villa Area

The Lake Villa Men's club believes there should be a rescue squad in that village for service at the lakes in that community this summer and is starting a movement to get one. The business men will seek financial aid from the county first.

The club was assured by Capt. Herman Holbek of the Antioch Rescue squad that he will do all he can to help organize the squad and then train the men in first aid. The club sought Holbek's services as one of the most experienced of first aid workers in the county.

Primary Grade Pupils Take Trips to Zoo

Today saw the completion of the sight seeing trips taken by the pupils of the Antioch Grade school.

The first graders taught by Mrs. Robert Wilton and Miss Laura Pedley went to Hawthorn-Melody farm at Libertyville where they saw the animals of the zoo and the milking parlor.

Mrs. William Kufalk's combination first and second grade class went to Brookfield zoo yesterday and on Tuesday Miss Barbara Barthel's second graders likewise went to the Brookfield zoo.

Earl H. Skiff, 79, Dies, Following Lingering Illness

Earl H. Skiff, 79, Petite Lake, Lake Villa, died Sunday at 7 a. m. at Victory Memorial hospital, following a lingering illness.

Mr. Skiff was born November 18, 1875 at Newton, Iowa, coming to Chicago while a young man, where he was employed with the Jewel Tea company. In 1914 he came to Lake Villa, where he operated a farm until retiring in 1929.

Survivors are his wife, Celia, and four nieces.

Funeral services were held at 1:30 Tuesday at the Strang Funeral home with the Rev. Kenneth Plummer, pastor of the Lake Villa Community Methodist church, officiating. Interment was in Mount Olivet cemetery at Zion.

Highland Park Hospital Invites to Open House

The public is invited to attend open house at Highland Park hospital from 2 to 4 p. m. Sunday.

Beginning at 2 p. m. visitors in small groups will be taken on complete tours of the hospital. All departments will be open for inspection.

Following the tours guests will

be invited to have refreshments in the Board Room where they will see a variety of exhibits and equipment portraying some of the hospital's specialized facilities as well as the work of its volunteers.

Highland Park Hospital's open house is an annual event. Its purpose is to familiarize the public with the up-to-date facilities which are available in case of need.

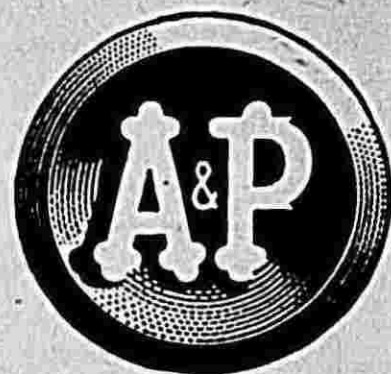

Flatman Called to Training

Ames, Iowa.—Ronald Flatman R. 1, of Antioch, has been ordered to report for summer Air Force ROTC camp to Ellsworth Air Force Base, Rapid City, S. D., for 28 days of training from July 24 to Aug. 20.

This training is a required part of the Air Force ROTC work for all junior and senior students in the advanced program. They are to be stationed at the Air Base mentioned in their assignment and will be under the direction of regular Air Force officers and personnel during the training period. They will observe all regulations on the base and be regarded as regular personnel during their four-week stay.

Broadway Closed for Oiling

Broadway has been oiled and shut off from traffic in preparation for the paving which is expected in a few days. The street parallels Main one block west between Orchard and Lake sts.

Mary Christine Vos Is
Bride of Marshall Plechaty

Mr. and Mrs. Roman B. Vos announce the marriage of their daughter Mary Christine to Marshall T. Plechaty, son of Mr. and Mrs. Robert Plechaty of Petite Lake. The single ring ceremony was performed at 10 o'clock at St. Peter's church by Rev. Johnson.

NOTICE OF PUBLIC HEARING AS TO THE COMBINED TENTATIVE BUDGET AND APPROPRIATION ORDINANCE OF THE "FIRST FIRE PROTECTION DISTRICT OF ANTIOCH TOWNSHIP."

PLEASE TAKE NOTICE that the Combined Budget and Appropriation Ordinance of the "First Fire Protection District of Antioch Township," in tentative form, has been prepared by the governing body and will be conveniently available for public inspection at the front of the residence of Irving B. Elms,

The bride wore a powder blue suit with white accessories and carried a prayer book and white orchid. Her attendant, Arleen Plechaty chose a watermelon pink frock and wore a white orchid. Robert Plechaty was his brother's best man. The wedding dinner was held at Smart's Country House. After a honeymoon in the Smoky Mountains the bride and groom will be at home in Antioch.

in Antioch Township, Lake County, Illinois, between May 6th, 1955, and June 14th, 1955.

A public hearing will be held as to such combined budget and Appropriation Ordinance at 8:00 P. M., D.S.T., on the 14th day of June, 1955, at the residence of FIRE COMMISSIONER CROWLEY, in Antioch Township, Lake County, Illinois.

DATED this 5th day of May, 1955.
IRVING B. ELMS,
Secretary of the "First Fire Protection District of Antioch Township."

This new Cathode-Ray Engine Analyzer, developed and patented by Socony-Vacuum Oil Company, Inc., is new... it's revolutionary... only 4 like it in existence! It works like radar in revealing engine deficiencies... will amaze you with its accuracy. A pattern for each cylinder appears on the scope, or tele-screen, clearly indicating deficiencies in your engine... The Cathode-Ray Engine Analyzer is fast... efficient... it only takes a few minutes... so don't miss seeing this equipment in action.

All cars competing in the Mobilgas Economy Run are checked and tuned with the new Cathode-Ray Engine Analyzer.

If you want to be sure you are getting maximum performance and economy from your engine, bring your car in and have it analyzed FREE... no cost... no obligation.

LAKE VILLA

Circle No. 2 of W. S. C. S. met Monday evening, May 9 at 8 p. m. with Mrs. Ernest Nielson of Venetian Village off Rte. 21, and Circle No. 1 will meet at the church on Wednesday, May 18 at one o'clock for dessert luncheon which will be served by Mrs. Dunbar and Mrs. Boyer, hostesses for the day. Mrs. C. B. Hamlin will lead in devotionals, and business meeting will be held at 2 p. m.

Vacation Bible school will be held from June 6 to 17, and more teachers are needed. Consult the pastor or Mrs. Delbert Sherwood if you wish to help.

Deborah Jean Swanson, infant daughter of Mr. and Mrs. Fred Swanson of Deep Lake was baptized at the Community church last Sunday. Fred Swanson is in the army overseas and at present is in Japan, so has not seen his daughter.

Donald Sargol of Chicago has recently purchased the L. B. Nies estate on Cedar Lake and will subdivide into property to be known as Villa Heights.

Mr. Charles Anderson of Chicago, whose wife recently passed away, and his daughter were out Sunday to look after their interests in the home they have occupied during the summer for many years, which adjoins the P. R. Avery property. Mr. Avery has purchased the Anderson property.

Mrs. Arthur Evans went to Galesburg, Ill., this week to visit her brother, Mr. Hubbard, who has been very ill for some time.

Miss Laura Reinebach of Chicago spent the week end with Mrs. C. W. Reinebach here and with her brother, Carl Reinebach at the hospital.

Mr. and Mrs. Traver Ellis and family of Belvidere spent Mother's Day with Mrs. Ellis' parents, Mr. and Mrs. B. J. Hooper, and her sister, Mrs. Edward Langbein and family.

Mr. and Mrs. Harold Ellis and daughter of Antioch visited Mrs. Ellis' parents, Mr. and Mrs. H. L. Reidel, at Sand Lake last Sunday. Mrs. Florence Peterson visited her daughter, Mrs. Luella Pullen and family at Gurnee last Friday.

Mr. and Mrs. Lester Bunkelman and daughters, Carol and Joan, spent the week end with relatives at Fond du Lac, Wis.

Mrs. Georgia Avery, Mrs. Lute Boehm, Mrs. Mayme Kapple and Mrs. Cora Hamlin were luncheon guests of Mrs. Marie Hamlin at her home on Cedar Avenue last Thursday afternoon.

Mr. and Mrs. C. N. Dunbar were Chicago visitors last Thursday.

Mrs. Joe Nader, Sr., entertained the ladies of the Pinochle club at pot luck dinner at her home last Tuesday, and the ladies enjoyed games of pinochle during the afternoon.

Walter Paske has been a medical patient at St. Therese hospital for the past week and is improving.

Mrs. B. J. Hooper and Mrs. Marie Hamlin entertained Mrs. Alice Milligan and Mrs. Marie Anderson at a luncheon at the Hamlin home last Friday afternoon in celebration of Mrs. Milligan's birthday. The group enjoyed card games during the afternoon.

Carl Reinebach, village clerk, has been a medical patient at Condell hospital at Libertyville since last Thursday. He and Mrs. Reinebach had spent Wednesday with their daughter, Mrs. Eugene Anderson, and family who had recently moved into their new home at Libertyville.

Mr. and Mrs. Lester Hamlin returned Saturday from their trip to California where they visited their son, Charles, in the naval hospital at San Diego, who will be transferred soon to a hospital nearer home. They also visited their second son, Allan, who is stationed at Fort Bliss, Texas, with the army.

The Lake Villa Memorial Post 4308 V. F. W. and the Ladies Auxiliary held joint installation of officers at the school gym on Saturday evening and it was open to the public. The Auxiliary held its regular meeting at the village hall last Monday evening and made arrangements for Poppy days, May 20 and 21. Serving on the refreshment committee were Mrs. Jensen, Mrs. Jack Mahoney, Mrs. Norman James, Mrs. Tony Sciacero and Mrs. Elta Sciacero.

Today 85 per cent of all skin cancers are cured, but 95 per cent could be cured. Regular physical examinations can prevent cancer deaths, the American Cancer Society says.

30 Years With Edison

Michael Weinzimmer
Friday, April 28, 1955, Michael Weinzimmer, of Antioch, marked the completion of 30 consecutive years of service with the revenue accounts department of Commonwealth Edison. Originally he started with Edison in 1917 and resigned in 1920. In 1925 he returned to the utility and he is now an accounts balance and review clerk.

For the past quarter century Mr. Weinzimmer has owned his home at Petite Lake, near Antioch. His favorite hobbies are a basement workshop and taking care of the garden. He is a member of Kiwanis lodge, A. F. & A. M., Logan Square chapter, R. A. M., and Utilities Craftsmen's club. He and Mrs. Weinzimmer have a daughter, Mrs. Ruth Kelly, who lives near Syracuse, N. Y., and a granddaughter, Susan.

MRS. BAETHKE HEADS
MOTHER'S CLUB OF P.K.F.

Mrs. Elmer Baethke was elected president of the Mothers Club of Epsilon chapter of Pi Kappa Phi fraternity at the University of Illinois Sunday. Mr. and Mrs. Baethke attended the Mother's Day banquet given by the fraternity of which their son, Eugene is a member.

Peau de sole is the French term for very soft closely woven silk dress fabric.

The most important thing in choosing clothing is taste, which is more than fashion.

Warmth, strength, and chemical resistance are found in fabrics containing Dynel, the new science fiber developed from natural gas, air and ordinary table salt.

FISHER-SCHROEDER NUPTIALS
AT ST. PETER'S CHURCH

Charles Schroeder of Rte. 59, Antioch, took as his bride Mrs. Irene Fisher of Detroit in a single ring ceremony at St. Peter's church April 16. Attendants were Mr. and Mrs. Richard Endean. The wedding breakfast was served at Smart's Country House. Mr. Schroeder is employed at Abbott Laboratories.

IT'S ALL BUICK

-AND ALL YOURS

for only \$229988 *
delivered locally!

YOU certainly can throw out your chest and call this Buick yours.

Because—as comparison shows—the dollar difference between this brawny beauty and the well-known smaller cars is virtually erased.

So if you've been thinking a Buick was out of reach—let yourself go. You can afford a Buick if you can afford any new car—and the price we show here proves it.

Buick Sales Soaring To New Highs

That's a major reason for the phenomenal success of Buick today. So much so, that production and sales are hitting new peaks to move Buick more firmly into the tight circle of America's best sellers.

And a companion reason for this soaring popularity is Buick's full line of cars to give you a choice in any price class—the bedrock-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, and the custom-built ROADMASTER.

But pure and simple, it's all the car

you get for your money that's winning so many new owners to Buick.

It's the extra pride you feel, the extra room you enjoy, the extra comfort you get, the extra safety you sense—from Buick styling, Buick size, Buick ride-engineering, Buick solidity of structure.

It's the extra lift and snap and ginger you get from Buick high-compression V8 power—and the fun and thrill of bossing such eager might.

As we said—if you can afford any new car, you can afford a Buick—even with the spectacular performance of Variable Pitch Dynaflo[†] at modest extra cost.

So why settle for anything less than a Buick? Drop in on us, take the wheel, press that pedal, and see for yourself what a whale of an automobile—and a whale of a buy—today's Buick really is.

[†]Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

*2-door, 6-passenger Buick SPECIAL Sedan, Model 48, illustrated. Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster—\$81.70; Radio & Antenna—\$72.50.

DID YOU KNOW—

- ★ — that the Buick SPECIAL is priced below any other car of 188 horsepower and 122 inch wheelbase?
- ★ — that the Buick SPECIAL is priced below some models of the three well-known smaller cars?
- ★ — that the Buick SPECIAL includes as standard equipment at no extra cost a long list of items usually charged for as "extras" by other cars—items such as direction signals, automatic lighting of glove compartment, variable speed windshield wipers with vacuum booster, and so on?
- ★ — that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

CAN YOU SEE • STEER • STOP SAFELY?
CHECK YOUR CAR — CHECK ACCIDENTS

Thrill of the year is Buick

**PUSH UP
CORN YIELDS!**

Use **ARCADIAN® 12-12-12** now—use the perfect, pelleted plant food that provides balanced, nitrogen-rich fertilizer in every firm, non-dusting granule. No filler, no odor, no clogging—just concentrated growing power for your corn and other crops.

Plow down ARCADIAN 12-12-12 for all your crops. This concentrated plant food saves you work lifting bags, provides the readily available nitrogen, phosphorus and potash crops need to grow strong and turn out profitable harvests. Also provides calcium, sulphur and other elements.

Pour ARCADIAN 12-12-12 in the planter—it's the ideal corn starter fertilizer used in the row by many Midwest corn champions. Firm, non-clogging and free-flowing ARCADIAN 12-12-12 is quickly available in the soil to make your corn get up and grow. Ideal also for sugar beets, vegetables, other crops and gardens.

ARCADIAN 12-12-12 Granular Fertilizer is a product of Nitrogen Division, Allied Chemical & Dye Corporation

**More Fine-Car Features
than any other car priced so low!**

CAN YOU SEE, STEER, STOP SAFELY.
CHECK YOUR CAR—CHECK ACCIDENTS!

POWER—Pontiac's husky 200-horsepower Strato-Streak V-8 with four-barrel carburetor, optional at low extra cost, delivers more power than any car within hundreds of dollars of its price. And road records show this power is teamed with the greatest economy in Pontiac history.

STYLE—No car at any price is so beautifully distinctive. Pontiac's future-fashioned Twin-Streak styling and Vogue Two-Toning set it apart from all other cars—point the way to tomorrow.

SIZE—Pontiac is a big car where it counts—with a long, road-hugging 122" or 124" wheelbase. On any road, at any speed, you enjoy the feeling of genuine fine-car size.

COMFORT—Pontiac's extra size means big-car comfort—room to stretch out and relax. Wide-stance rear springs and Shock-Proof chassis float you along in luxury style.

If you were to guess Pontiac's price on the basis of its style, performance and size, you'd surely guess hundreds of dollars higher than its actual cost. Pontiac measures up with the finest on any point of comparison—except price.

It's a simple matter of fact that you can buy a big, powerful Pontiac for less than many models of the lowest-priced cars and much less than stripped economy models of higher-priced makes!

After a close inspection of Pontiac's luxury and quality and a few miles commanding its mighty 200-horsepower Strato-Streak V-8, buyers from both ends of the price scale are switching to Pontiac in record-breaking numbers. Come in soon for the clinching facts and figures. You'll make the very pleasant discovery that if you can afford any new car, you can afford a big, powerful Pontiac—and step directly into the fine-car class!

COUNTY ZONING NOTICE
STATE OF ILLINOIS

TO WHOM IT MAY CONCERN:

PUBLIC NOTICE is hereby given to all persons in the Town of Antioch, Lake County, Ill., that a public hearing will be held on May 27, 1955, at the hour of 1:30 p. m., in the Village Hall, Antioch, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, as to the F-Farming District, as provided in Section 19, paragraph G, to permit the installation, maintenance and operation of a private club, recreational center and meeting place for members, on the following described real estate, to-wit:

That part of the South half of the North East quarter of Section 18, Twp. 46 N., R. 10, East of the 3rd P. M., described as follows: Commencing at the Southeast corner of the Southwest quarter of the Northeast quarter of said Section 18; thence West along the East and West quarter Section line, -137.1 feet; thence North 5 degrees 2 minutes East, 731.08 ft. to a point on the north line extended Westerly of a tract of land described in deed recorded in the Recorder's office of Lake County, Illinois, on June 4, 1940 as Doc. 478749, for a place of beginning; thence South 76 degrees East along the Northerly line and the Northerly line extended Westerly of the tract described in Doc. 478749 aforesaid, 286.6 feet to the center line of State Route no. 59, (formerly called Fox Lake road); thence Northerly along the said center line, 266.0 feet; thence North 76 degrees West, 346.53 feet, to a point on a line running North 5 degrees 2 minutes East from a point on the East and West quarter line of said Section 18, which point is 137.1 feet from the South East corner of the Southwest quarter of said Section 18; thence Southerly along the last above described line, 266.25 feet to the place of beginning, containing 1.9 acres, and situated in Lake County, Illinois.

As a result of the petition of THE VETERANS' CLUB OF ANTIOCH, by Austin L. Kirsten, President, which petition is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard. LAKE COUNTY ZONING BOARD OF APPEALS

Earl H. Kane, Chairman
Dated at Waukegan, Illinois, this 12th day of May, 1955.

Antioch, Illinois
PROCLAMATIONby
The President of the Antioch
Village Board

WHEREAS, many citizens of the Village of Antioch served gallantly in the defense of the United States of America in world wars and many sacrificed their lives in that service, and WHEREAS, the memory of

those who so died will always be held in the highest honor of Antioch community, and will always be a source of patriotic inspiration for us all, and WHEREAS, this memory is brightened each year and honor paid to the war dead by the wearing of the Memorial Day Poppy on the Friday night and Saturday before Memorial Day, NOW THEREFORE, I, James W. McMillen, President of the Village of Antioch, do hereby proclaim Friday night and Saturday

day, the 27th and 28th of May, 1955 to be POPPY DAY in the Village of Antioch and urge all citizens to observe the dates as so set by wearing the Memorial Poppy.

Signed in Person by James W. McMillen, President of the Antioch Village Board, this 12th day of May, 1955.

SUMMER
HEAT

It'll be here before you know it!

Summer heat is bad enough—but it's murder in the kitchen!

And right now you can do something about it...at a real savings, too.

How? By taking advantage of our new money-saving installation plan on a new electric range. Impartial research tests prove that the new electric ranges leave your kitchen up to 10 degrees cooler than flame-type stoves.

Now, our new installation plan is available to anyone in the area we serve who lives in a 1, 2, or 3-family house without sufficient wiring for big appliances like an electric range.

It applies also to electric dryers, water heaters or air conditioners requiring 240-volt electric service.

How much can you save? It varies according to location and present wiring. But your electrical appliance dealer can tell you exactly in dollars and cents. Since we share the instal-

lation cost with you, we will arrange easy monthly payments on your share.

What to do: Check your appliance dealer. He knows about our plan, wants you to save money with it.

Check the advantages of our new wiring installation plan to customers who live in a 1, 2, or 3-family building with insufficient wiring.

☒ You can save real money on installation of a new electric range, dryer, water heater, or air conditioner.

☒ Your present appliances work better—your new wiring gives you a better TV picture, faster toast—even brighter lights.

☒ You're all set for the future—your new 240-volt wiring lets you add any new appliances you want, quickly and cheaply.

Ford's new Fairlane Victoria sets the fashion note wherever it goes

Chances are: If you don't own a Ford you haven't driven one lately!

Once you Test Drive new Trigger-Torque power in Ford, sit back in the luxury of its Thunderbird-inspired styling, and relax to its new Angle-Poised Ride—you'll see why the swing is to Ford!

If you haven't driven a Ford lately, get into a '55 Ford and see why it's America's fastest-selling V-8. Ford's new Trigger-Torque power obeys your commands lightning fast. It gives you smoother, quicker performance—a reassuring feeling of confidence. As you relax in Ford's new Luxury Lounge interiors, you'll realize why even higher-priced-car owners are swinging to Ford. Ford's new Angle-Poised Ride cush-

ions all the bumps, big and little—even the annoying thud of the tarstrips between paving joints seems to disappear!

There's much more that's new in Ford this year: new Speed-Trigger Fordomatic®; new anti-skid tubeless tires; new, deposit-resistant spark plugs; and new larger brakes. But that's still only part of the story. The rest awaits you in a Test Drive. *at extra cost

FORD the new BEST SELLER . . . sells more because it's worth more!

Bus. and Prof. Club Holds Dinner Meeting At Ruralite Monday

Fifty members and guests attended the annual dinner meeting of the Antioch Business and Professional Women's club held at the Ruralite May 2. Mrs. Betty Meyer, program chairman, installed the newly elected officers following the dinner.

A style show sponsored by Marie-Anne's of Antioch was enjoyed by the group. Spring and summer fashions were modeled by Mesdames Jane Coddington, Barbara Kufalk, Fern Watson, Stella Franklin, Wanda Barthel and Marie Van Der Lester.

Modeling children's wear were Sally Jane and Candy Meyers.

The club plans to hold a meeting Monday evening, June 6 at the Scout Home.

TEN ATTEND PAST PRESIDENTS' DINNER

Ten past presidents of Antioch unit, American Legion Auxiliary, attended the Past Presidents' parley annual dinner held in the Legion Home, Highland Park, April 21. Those attending were Carolyn Horan, Agnes Hills, Zella Larson, Lucy Himens, Dorothy Horan, Louise Erickson, Ann Heath, Maude Johnson, Deborah Van Patten, and Mary Chase.

27 Presidents Report At Catholic Women's Day

Twenty-seven presidents of Catholic Women's groups in the Lake county area of the Archdiocese of Chicago gave their reports at a meeting held Wednesday at St. Peter's church in this village.

Mrs. Wallace Halla of Round Lake, president of the area; Mrs. Matthew Doetsche, Prairie View, vice president; and Mrs. Anthony Martini, secretary fere in charge. Mrs. Thomas W. Pechausek, Antioch, was in charge of registration.

WM. L. WESTGARD STATIONED IN ALASKA

Fort Richardson, Alaska—Pvt. William L. Westgard, son of Mr. and Mrs. Willis Westgard, Rte. 1, Antioch, Ill., recently arrived in Alaska for duty at Fort Richardson.

Soldiers stationed in the Alaskan territory undergo rigorous training for cold weather combat while guarding the northern approaches to the U. S.

Private Westgard, last stationed at Aberdeen Proving Ground, Md., entered the Army in September 1954 and completed basic training at Camp Chaffee, Ark.

Mr. and Mrs. D. B. Baldwin of Hampshire, Ill., and Miss Iva Baldwin of Elgin were guests of Mrs. Ethel Runyard one day last week to help celebrate her birthday anniversary.

Engagement Announced

Mary Ann Vané
Mr. and Mrs. Frank Vance of Cross Lake have announced the engagement of their daughter Mary Ann to Walter Hills, son of Mr. and Mrs. Walter K. Hills of Antioch.

ALTAR AND ROSARY STUDY GROUPS MEET

Two study clubs of the Altar and Rosary Society of St. Peter's church combined in giving the members a pleasant evening May 2 at the regular meeting. The Lake Villa group composed of Mrs. R. W. Yancey, Mrs. Walter Farrell, Mrs. A. G. Konitzer, Mrs. Jack Seusser, Mrs. J. A. Vogler, Mrs. Richard Hedberg,

Mrs. Wallace Brenna, Mrs. F. H. Mitchell, Mrs. Joseph McGeath, and Mrs. Samuel Bailey presented a two-act play entitled "Two Views on Marriage," while the Antioch group, Mrs. Thomas Quilty, Mrs. Charles Cermak, Jr., Mrs. Peter Freund, Mrs. E. G. LaPlante, Mrs. Richard Huml, and Mrs. Jack Higgins served the refreshments. More than 50 members attended the meeting.

**Inman Hurt When Car
Crashes into Tractor**

Clyde Inman, a permanent resident in a cottage at the Slide Inn resort at Channel lake was badly hurt Sunday when his car crashed into an unlighted tractor on Rte. 173 two miles east of Antioch.

Members of the Antioch Rescue squad took him to a Waukegan hospital. He was believed to have a fracture of the pelvis and ribs.

Inman is an employee of the Admiral Corp. at its Harvard plant. Driver of the tractor was not identified by Inman's acquaintances or the Rescue squad.

**North Chicago Woman
Dies at Cottage of
Chicago Friend Here**

Mrs. Esther Capek, 57, of 1921 Seymour ave. in North Chicago, died at the summer cottage of a friend, Mrs. Anna Rubrecht of Chicago at Fox River Springs subdivision on Rte. 173, May 4, noon.

Mrs. Capek had been at the cottage but a short time when she was stricken. The Antioch Rescue squad used three tanks of oxygen in keeping her alive until a physician arrived. She died, however, a short time later.

Born in Chicago Sept. 20, 1897, Mrs. Capek lived in that city until seven years ago when she moved to North Chicago. She is a widow and had no children.

**METHODIST MEN SEE
MOVIES ON FISHING**

Verne Gowe of Gurnee described his tours through Canada and showed slides to the Methodist Men's club recently at Wesley hall. Gowe has been taking teenage youth and grown men on trips to Canada for a number of

years. He illustrated his travels with a movie "Fishing Across Canada." Dinner was served by Mrs. David Noddin and her committee.

Mr. and Mrs. Robert Cressman of Lansdale, Pa., are the guests of Mr. and Mrs. Art Flannery at Grass Lake Landing.

Meet the successor
to the C.O.E.

New L.C.F.
(Low Cab Forward)
**Chevrolet
Taskmaster
Trucks**

Powered by the most modern V8 in any truck...
Chevrolet's new Taskmaster V8 engine!

Chevrolet's great new L.C.F. models bring you all the advantages of a C.O.E.—plus a long list of important new advances you won't find anywhere else.

For example, the cab is a full seven inches lower than former C.O.E. models. And it has only two steps instead of the usual three for C.O.E.'s. Just think of the time and effort this will

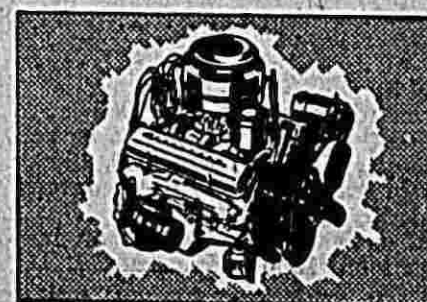

save the driver! Also, the low L.C.F. is handsomer by far than any C.O.E. ever built!

Inside, the L.C.F.'s new Flight-Ride cab has a level floor with plenty of "stretch-out" leg room and offers new driver comfort. The driver has a commanding view of the road—both far ahead and close up front—through the

big, broad panoramic windshield.

Quicker, simpler maintenance is another big advantage offered by the new L.C.F. Everything's easier to reach in the roomy engine compartment.

In an L.C.F. you still get the easy maneuverability of a C.O.E. plus—new frames, new suspension, a whole truck-load of modern features!

Shortest Stroke V8 of All! The new Taskmaster V8—the most modern V8 your money can buy—powers the new L.C.F. With a 12-volt electrical system for faster starting!

Year after year, America's best-selling truck!

DRIVE CHEVROLET, Inc.

Antioch, Illinois

By JACK SEIB and JOHN SHERBET

Have you ever wondered how they tell how large a TV audience is? Fifty million people will listen to the President during a TV broadcast. Famous comedians act for fifteen and twenty million people during a half hour show. These are pretty big counts.

There are three methods used generally by networks. One: the Nielsen Rating System uses an Audiometer, an automatic device attached to TV sets which records time and stations that are tuned-in. This to TV sets which records time and stations that are tuned-in. This device is distributed to some 700 homes, carefully selected to represent a cross section of all the homes in the U. S. This record is sent in regularly and analyzed in terms of millions.

If someone phones you and asks what program you're looking at, don't hang-up. It's the Trendex Method of computing an audience. The American Research Bureau mails forms to homes to be filled-out.

And should you inquire in this vicinity about who are reliable television servicemen, you would discover that the COURTEOUS TV rates very high. We want to and we will give your television problem the best service with the latest electronic equipment. Phone 144.

Irving B. Elms

Secretary of the Board of Trustees

(Corporate Seal)

AN ORDINANCE RELATING TO HOUSE AND LOT NUMBERS BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE FIRST FIRE PROTECTION DISTRICT OF THE TOWNSHIP OF ANTIOCH, LAKE COUNTY, ILLINOIS:

SECTION 1: The term "house" as used in this Ordinance shall mean and include all the buildings used for dwellings and business purposes.

SECTION 2: All houses in the First Fire Protection District shall be numbered and it is hereby made the duty of the owner, agent or person in possession of every house in the First Fire Protection District to number or cause the same to be numbered in the manner as is provided in this ordinance.

SECTION 3: All houses fronting upon the public thoroughfares within the First Fire Protection District shall be numbered by Lot and Block number or such other plan as may be directed by the Chief of the Antioch Fire Department, subject to the approval of said Board of Trustees.

SECTION 4: The Chief of the Antioch Fire Department shall assign or cause to be assigned to each Lot or house its proper number and

shall inform the owner, agent or person in possession of such premises as to the number thereof at any time upon demand.

SECTION 5: Each of the figures of every number shall be of such height as to be distinct and easily visible from the public road. Said numbers shall be placed in a conspicuous place on the front of the property adjoining the public road.

SECTION 6: It shall be the duty of the owner or agent of each building now constructed or each new building in said First Fire Protection District to ascertain from the office of the Chief of the Antioch Fire Department the correct number to be placed upon his building, and to place such number within thirty (30) Days after notice by the Chief of the Antioch Fire Department, or within thirty (30) Days after the completion of the building, in case of new buildings.

SECTION 7: It shall be the duty of the Chief of said Fire Department to enter upon a plat kept in his office the number authorized from time to time in all buildings placed upon the lot for which such numbers shall have been issued.

SECTION 8: In case duplicate numbers are placed on any single street or block and controversies

shall arise with regard thereto, or any controversies in respect to the numbers of various residences, the Chief of said Fire Department is hereby vested with power to direct each of those involved as to the proper number for their respective buildings. Any person failing to comply with the directions as to numbers given by the Chief of said Fire Department shall be deemed to have violated this ordinance. Notice to any owner or agent in writing signed by the Chief of said Fire Department shall be complied with within 30 days of the date thereof.

SECTION 9: Any person being the owner or occupant of any building in the First Fire Protection District who shall violate any of the sections herein, or who after being notified by the Chief of said Fire Department to number any building owned or occupied by him, in conformity with the provisions of this chapter, shall, for 30 days thereafter, fall to number such buildings, shall be subject to a penalty of Five (\$5.00) for each offense, and a further penalty of Five (\$5.00) Dollars for every 30 days thereafter he shall so neglect or fail to so comply.

SECTION 10: Any person who shall violate, neglect or refuse to observe any of the provisions of this

Ordinance, where no other penalty is specifically provided, shall be fined not less than Five (\$5.00) Dollars nor more than Twenty (\$20.00) Dollars for each offense.

SECTION 11: All Ordinances or parts of Ordinances in conflict with this Ordinance are hereby repealed.

SECTION 12: This Ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

APPROVED: Clarence Crowley, President

ATTEST:

Irving B. Elms

Secretary

APPROVED:

Edward C. Jacobs

District Attorney

PASSED: May 5, 1955

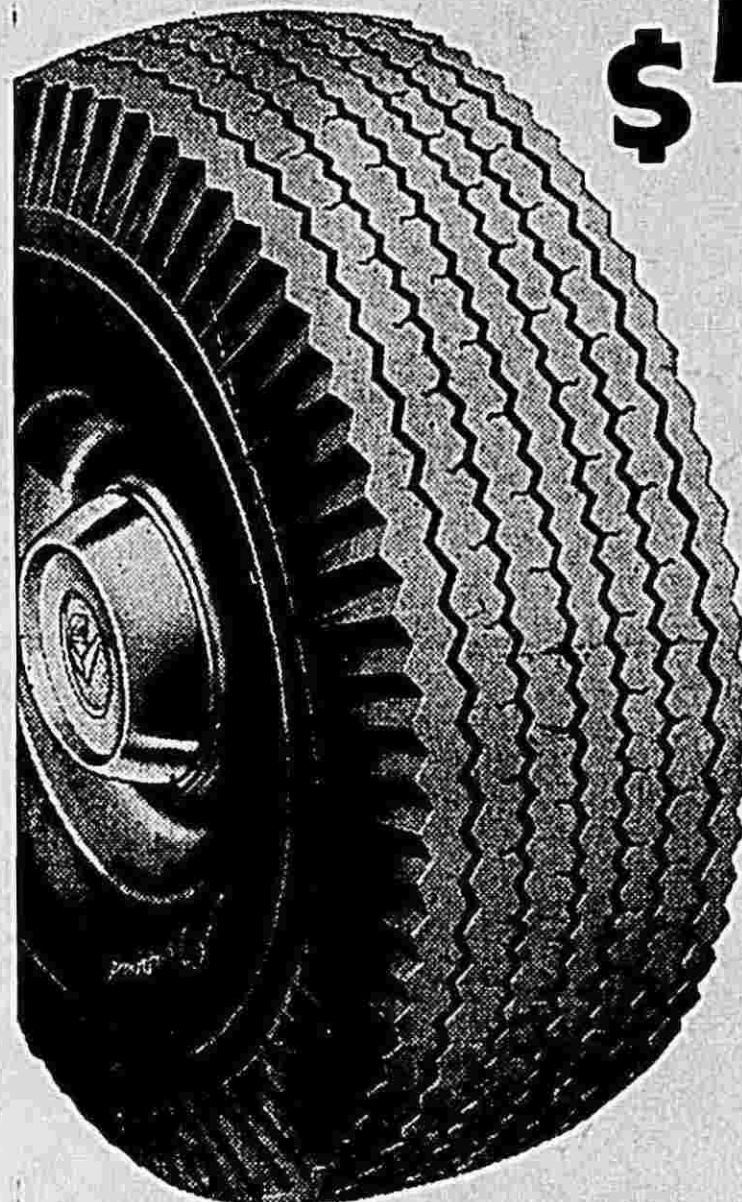

APPROVED: May 5, 1955

PUBLISHED: May 12, 1955.

When laundering the new science fabrics, it's a good policy to separate light from dark garments, avoid long soakings and be wary of strong chlorine bleaches.

Most of the new science fiber fabrics dry very rapidly. They absorb little water, and what water is held in the fabric drips out quickly.
